is obtained by our system and we buy the BEST ANIMALS ONLY—such as are fit for food. Mr. Jeff Franklin is with The City Market, and wishes his old friends and customers to call on him. Barbecued meats constantly on hand.

FIVE HOUSES WRECKED

It Is Believed Ten Persons Will Lose Their Lives.

FEW BODIES RESCUED

Hospitals Near Were Filled With the Wounded—The Adjoining Property Was Badly Wrecked by the Terrific Shock.

Philadelphia, Aug. 6.—A terrific explosion in a block of six buildings on Locust street, above Tenth street, at 9:30 o'clock last night completely destroyed five of the structures, three 3-stories and two 2½-stories, and caused the death of ten or more persons. Over two score of others were more or less seriously injured. Some of those taken to the hospital will die. It is estimated that at least 35 persons were in the five buildings when the explosion occurred and the exact number of dead not yet known.

What exploded and how it happened is not yet known, but it is believed to have been a barrel of gasoline in one of the three groceries. Almost every building within a radius of two blocks of the explosion had windows shattered and were otherwise damaged. Every building on the opposite side of Locust street was more or less wrecked, but none of them fell.

A terrific cry went up from the rains the moment the explosion occurred. Women, children and men occupants of the wrecked houses, could be seen crawling from the debris, while the agonizing cries of others were heard in the wreckage. From all the surrounding buildings injured people came running and some fell into the street unconscious. To add to the horror, fire broke out in the debris the moment it settled to the ground and in less than five minutes the great pile was burning fiercely from end to end. A general alarm was turned in for the fire apparatus and ambulances and in the meantime the work of rescue was voluntarily begun by those in the neighborhood who were not injured.

Here and there person was dragged from the ruins before the fire could reach the victim, several lives being saved by this prompt work. When the firemen reached the scene the flames had made great headway and were igniting the buildings across the street. The fire, however, was soon under control. The work of digging away the ruins was then begun in earnest and soon several were rescued.

While the work of rescue was going on in the exploded block, hospital attendants and others made a search of all the damaged houses on the other side of the street and almost a score of persons were taken to various hospitals from these places.

The Jefferson and Pennsylvania hospitals which are located nearest the scene of the explosion, were soon crowded with the injured. At the latter hospital five negroes are so badly injured they cannot recover.

Only three dead bodies had been rescued up to 3 o'clock this morning, but many persons were still missing.

San Francisco Strike.

Cape Town, Aug. 6.—The outlook for an amicable settlement of the strike has diminished and indications are that the contest will be a protracted one. The efforts of Mayor Phelan to bring about an understanding have failed.

The power to act has been placed in the hands of the harbor council which can, if so disposed, call out 50 additional unions which includes 25,000 men.

Change of Policy Welcomed.

Cape Town, Aug. 6.—The Cape Times welcomes the change of policy announced in the house of commons by Colonial Secretary Chamberlain in regard to the treatment of Boers who shot natives, saying close association with the Boers with daily consequences of the career of brigandage had already impressed the colonists with the necessity of a change of policy.

Feud in Kentucky.

London, Aug. 6.—A party of 30 men, nearly equally divided, engaged in a fight on Tanyard branch Monday. It is said the Stapletons and Hamptons were on one side and the Fences on the other. Reports are conflicting. It is said several men were injured but not seriously. The attack was from ambush. Further trouble is expected.

Exposition Building Burned.

Kansas City, Mo., Aug. 6.—The exposition building erected during the boom of 1887, at a cost of over \$200,000, was destroyed in less than two hours' time Monday afternoon by a fire which was started by a boy, who set fire in a spirit of mischief to some loose rubbish on the floor.

Attached Carter's Property.

Savannah, Aug. 6.—Marion Erwin, special assistant attorney general of the United States, has filed in the United States court attachment against all the

loans and securities in Savannah held by ex-Captain Obelin M. Carter, engineer of the United States army. They amount to many thousands of dollars.

A Cowboy Killed.

Silver City, N. M., Aug. 6.—As the result of a quarrel between two cowboys, William Follis and Walter Newman, near Pinos Altos, Follis was killed, his skull being beaten in with a gun. Newman escaped, but officers are in pursuit.

WILL NOT GIVE UP.

Mandamus Applied for by Whites to Hold Oklahoma Claims.

Washington, Aug. 6.—Eleven persons, men and women, all whites or the descendants of whites married Indians and who joined their fortunes years ago with the Indians occupying lands in Oklahoma, recently disposed of by the secretary of the interior, have made application to Justice Clabaugh for a mandamus against the secretary compelling him to allow certain selections made by them and to withdraw the lands from settlement.

The petitions include Emmett Cox, a son-in-law of the famous Quanah Parker, the big chief of the Comanches; William G. Williams, the president of a bank and largely interested in cattle raising and others engaged in cattle raising merchandizing and farming. All have been living on their places for years and have cultivated and improved them. They claim they are members of the Indian tribes by marriage and adoption and have been respected as such.

They assert in their petition that they were denied the privilege of making allotments to which they were entitled under the law. They base this on an old act of congress.

Justice Clabaugh issued an order returnable Aug. 16 requiring the secretary to show cause why a writ of mandamus should not issue directing him to allow lands for the benefit of the petitioners.

THE TOWNSITES.

Those Approves by the Commissioner for El Reno and Lawton.

Washington, Aug. 6.—The townsites for the El Reno and Lawton land districts, into which all the newly opened land in Oklahoma is divided were announced at the interior department.

Commissioner Hermann has telegraphed to the respective registers and receivers the approval of Secretary Hitchcock of the reservation of these lands, "and no others" for townsites purposes, and directing the land officers to reserve them from homestead entry. They comprise all the townsites and lots in them will be sold today.

The new townsites are described as follows:

El Reno district—The east half, section 10, township 10, north range 12 west. The northeast quarter, section 5, northwest quarter of section 4, both in township 12, north range 12 west. The south half section 18, township 7, north range 19 west.

The southwest quarter section 18, township 11, north range 10 west. The north half section 34, township 5, north range 16 west. Lots 1, 2, 3 and 4 and the south half northeast quarter and south half of northwest quarter section 4, township 12, north range 13 west and the north half section 21, township 5, north range 11 west.

Lawton district—The southwest quarter section 24, township 22, south range 11 west. The north half section 8, township 3, north range 9 west. The southeast quarter section 26 and northeast quarter, section 35, township 3, north range 17 west.

Dismissal Sentence Commuted.

Washington, Aug. 6.—President McKinley has commuted the court-martial sentence of dismissal from the army of Major F. Eltonhead to placing that officer at the foot of the list of majors of infantry, there to remain for a period of five years. Major Eltonhead was tried on a charge of being drunk on duty and of misbehavior at the army and navy club in Manila, and of using profane and abusive language to Lieut. William Hull of the Twenty-first infantry. The court which tried Major Eltonhead sentenced him to be dismissed, but the president commuted his sentence in view of his military record, his good conduct in the engagements before Santiago and operations in the Philippines, together with the recommendation of clemency by the members of the court.

Lived in Three Centuries.

Quincy, Ills., Aug. 6.—Amanda Lewis, who claimed to be 115 years old, died here Saturday night. While the correctness of her age might be questioned, she was without doubt the oldest colored person in the city and she certainly had passed the century mark. She was born in slavery and was a native of Virginia. She always said that she distinctly remembered the inauguration of General Washington and she has told many incidents connected with it. She was an inveterate smoker and used tobacco for 75 years.

Killing in Mississippi.

THE STRIKE DELAYED

President Shaffer Says He Has Reasons for Such Action.

IN SECRET SESSION.

Amalgamated Officers Drafting the Notice for a General Strike—Officials of Steel Combine Not Worrying Over Delay.

Pittsburg, Aug. 6.—A general strike order was not issued by President Shaffer this morning and may be delayed beyond the time limit made by him. He says he has sufficient reasons for the delay, but the only apparent cause is said to be the hope that the officers of the big steel corporation may soon make overtures for peace. The Amalgamated association, it is explained, does not want to take hasty action and proposes to rest quietly for a while.

From meager reports from officials of the steel combines, they are not worrying over delay, and seem to be confident as ever they will win. They are encouraged over the delay in issuing a strike order and believe it due to the fact the officers of the workers' organization are not certain of their ability to bring out the union men desired. One thing appears certain and that is President Shaffer will not call out the men before the latter part of the week.

President Shaffer was at his office at 9 o'clock this morning and at once went to work. It is said he is preparing notices to the different companies in which he will state he intends to call the men out. No attempt has been made to start any of the mills of this city now tied up by the Amalgamated association, but a rumor is current in the west end that an effort will be made to start the Painter mill with non-union men this week.

President Shaffer called a meeting of the national officers for a secret session at 2 o'clock this afternoon to submit the proclamation and notice to the manufacturers of an intended general strike.

LOOKING FOR WORKMEN.

Representatives of Union Iron Works of San Francisco in New York.

New York, Aug. 6.—Representatives of the Union Iron Works of San Francisco are in the city to engage machinists, boilermakers and moulder for the company. These representatives, however, apparently wish the nature of their business to be kept as quiet as possible and they will say nothing about their movements.

President Shaffer called a meeting of the national officers for a secret session at 2 o'clock this afternoon to submit the proclamation and notice to the manufacturers of an intended general strike.

It was learned from one of the few men who answered an advertisement, that the company's representatives had a lot of contracts for which the applicant for a place was obliged to sign. The purport of this contract was that the company agreed to pay to second class machinists 30 cents an hour for all work done from the date of their arrival at San Francisco. It furthermore set forth that none but sober, industrious men would be engaged. What seemed the stumbling block to those who applied was that the applicant was asked to deposit a guarantee of \$35 to help defray expenses of transportation from here to San Francisco, this sum to be refunded to the employee after six months of faithful service.

Long Fight Expected.

San Francisco, Aug. 6.—All negotiations for a settlement of the labor troubles here have resulted in a failure, and indications are that the strike will not be ended until after a bitter and protracted struggle.

Will Not Become Involved.

Cleveland, Aug. 6.—Officials of the Brotherhood of Locomotive Engineers and the Brotherhood of Railroad Trainmen believe there is little probability of railway employees becoming involved in the steel strike. Both organizations mentioned have provisions in their constitutions to prevent sympathetic strikes and neither organization in such way as to make it possible for either to become involved in strike of other organizations in which railroads are not directly implicated.

Ex-Cabinet Officer Dead.

Chicago, Aug. 6.—Judge W. C. Price, United States treasurer under President Buchanan, died at his home of his son-in-law here, aged 86 years. When President Buchanan ordered Major Anderson to transfer his force to Fort Sumpter, Judge Price believed the south was being betrayed and resigned his office in anger. He was with Gen. Price at the battle of Pea Ridge and was captured by the Federals and confined in prison at Alton, Ills., until September, 1862, when he was exchanged.

Howison in Place of Kimberly.

Washington, Aug. 6.—Rear Admiral Henry L. Howison has been selected to fill vacancy on the Schley court inquiry caused by the inability of Rear Admiral Kimberly to serve. Admiral Howison's name is one of the several officers who Admiral Schley notified the department was satisfactory to him.

New York Tax Raised.

New York, Aug. 6.—An advance in the tax rate of New York City from \$2.24 to \$2.32 on the \$100, has been decided upon. The total increase upon the value of personal property and realty this year over last is about \$133,000,000, the personality increase being \$64,000,000 and that of realty \$69,000,000.

MARYLAND CAMPAIGN.

Republicans Follow Democrats in Making Their State Platform.

Baltimore, Aug. 6.—Issues in the campaign which will determine whether or not Arthur P. Gorman will again occupy a seat in the United States and become a factor in national politics were fully made up today by the action of the Republicans at their state convention. They met here as did the Democrats a week ago, and like the Democrats, paid more attention to the adoption of a platform than to the selection of candidates for the minor offices of comptroller and clerk of the court of appeals. There were but two aspirants. The platform is the work of United States Senator McComas and P. L. Goldsborough, chairman of the state central committee, who is regarded as a promising candidate for the seat of Senator Wellington in the event of Republican success. Unlike the Democratic declaration of principals adopted last week much stress is laid upon national issues. The administration of President McKinley is heartily endorsed, the policy of the Republican party upon the tariff, currency and other vital questions of national moment strongly commended, while that of the Democrats is quite as vigorously denounced, especially in regard to the new election law.

The following is the ticket nominated: Comptroller, H. S. Platt of Baltimore and clerk of the court of appeals, Thos. Barron of Calvert county.

GOLD BULLION GONE.

Thieves Steal \$250,000 Worth from the Selby Smelter Works.

San Francisco, Aug. 6.—News has been received here from the Selby Smelter works at Vallejo, that \$250,000 worth of gold bullion had been stolen from the works during Monday night. The thieves tunneled under the works and gained access to the strong room where the bullion was stored. The works are close to San Francisco bay and the tunnel extended from the water's edge under the building. It is supposed the thieves took the bullion away by boat.

The Selby smelter is the biggest on the Pacific coast and ores are sent there from all parts of the western country to be reduced.

FILING THEIR CLAIMS.

Lucky One in the Land Lottery Making Their Selections.

El Reno, O. T., Aug. 6.—The last act in the opening of the Indian land in the Kiowa-Comanche reservations began today, when the winners in the lottery were permitted to file on their claims. The filing began in El Reno for the El Reno district and at Fort Sill for the Lawton district. At each place 125 of the lucky ones will be permitted to file in order of their names drawn from the wheels. Filing at the rate of 250 will continue daily until the entire 13,000 claims are disposed of.

It is estimated that at least 2000 or 3000 claims drawn at the lottery will never be filed on. There will be a live-scramble for them by the thousands of people who did not win in the lottery.

CANAL TO THE LAKES.

New York Will Undertake to Construct One to the Seaboard.

New York, Aug. 6.—The executive committee of the Canal association of Greater New York, has just reached an important conclusion in regard to its future work, says the Journal of Commerce. The committee has been wavering on the question whether the promise of a deep waterway from the lakes to the seaboard entirely under national control did not offer better prospects of prompt attainment than a 1000-ton barge canal. The cause of the wavering was the publication of the detailed report of the deep waterways commission. This report has now been thoroughly digested by the committee and it has been formerly decided that the interests of New York will be better served by a 1000-ton barge canal than by the larger project.

Grocers to Combine.

Philadelphia, Aug. 6.—A gigantic combination is about to be formed with a capitalization of \$100,000,000 to be known as the National Wholesale Grocery company. It is said there are about 2700 leading grocery jobbers in the United States, and the plan is to unite under one control 10 per cent of the entire number.

England Would Not Sign.

Pekin, Aug. 6.—The foreign ministers had arranged to sign the settlement of the protocol today but British Minister Satow notified his colleagues that Great Britain was unable to sign. He gave no reason and the meeting was indefinitely postponed.

Louis Hoyt Dead.

New York, Aug. 6.—Louis T. Hoyt, one of the oldest members of the New York Stock Exchange, is dead in Germany. He was interested in many large stock deals and among his customers, when he was an active broker, was Commodore Vanderbilt.

Hanged for Murder.

Mempis, Aug. 6.—Nathan Caruthers, a negro, was hanged here for the murder of Night Watchman Charles Neebe in June, 1900. The motive of the crime was robbery.

NEWS IN BRIEF.

W. R. Bankley died from being poisoned by eating ice cream at Leesburg, Ga.

Mexican custom house receipts for June were \$2,136,795.

HARVEY.

Harvey, Texas, August 5.—The weather is very warm here and we are needing rain.

On account of sickness Bro. Bullock failed to carry on a protracted meeting at Bethel. Several of the members went ahead with prayer meetings and also organized a Sunday school, which I think was so much needed, so let us all go and take a part.

Rev. W. T. Wood left for East Texas last week where he will conduct several meetings.

The seining at Cole Springs last Thursday was largely attended and about 400 pounds of fish were caught. I never saw a crowd enjoy a dinner any better in my life. Several people from here visited the all day singing at Rock Prairie Friday.

Some of the boys from Cartwheel prairie went over to the baptizing in Grimes county Sunday.

Mr. A. W. and T. Q. Dyess and wife left last Tuesday to visit relatives in Leon county.

Mr. Lige Rate of San Angelo visited his mother last week.

Mr. W. D. Yardley's father came home Wednesday.

Prof. Richard McDonald visited his sister, Mrs. Ann Yardley, last week.

Miss Mamie Elliott of Cottonwood returned home Sunday after visit of several weeks to Mrs. Mattie Blanton.

Mr. Charlie Goen's family is on the sick list. M. D.

FICKEY.

Fickey, Texas, August 5.—The weather is very hot and dry and we are needing rain very bad.

The cotton has begun to open very fast. There will not be as much made as was last year. Some are going to picking this week.

Mr. Huggins and family visited in our community Sunday.

Mrs. Wheless and family visited relatives at Wheelock Thursday and Friday.

Sam Jones was here Thursday. Jasper Skains was here Friday.

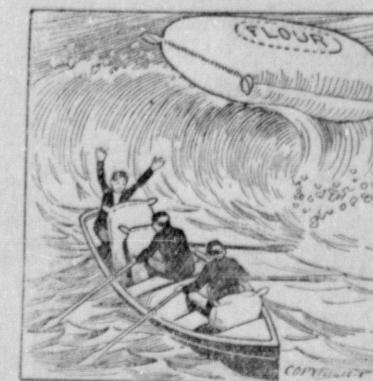

Monroe Edge and family visited here Sunday.

John Smith of Bryan was here Sunday. School Girl.

To Cure Chills or Malaria in 4 Days. Take Quinoria. All druggists are authorized to refund the money in any case of chills, fever or malaria it fails to cure. Price 50c per package. M. H. James, the leading druggist, Bryan, Texas.

A Tidal Wave

of popularity has taken our flour on its crest and has borne it far beyond all competing brands in quality and in price

Our White Crest Flour

is without a rival in value and satisfaction given; this flour is always good and is made of the best winter wheat; no other flour makes such splendid bread in summer time or any other time.

THE CONDITION OF THE PATIENT

Is often such that the slightest variation from what the doctor prescribes may have serious results. Prescriptions compounded here are absolutely correct. The order is followed exactly. We add nothing, hold out nothing and substitute nothing. The purest drugs and medicines are used. Everything is fresh and efficient.

M. H. JAMES,

THE LEADING DRUGGIST.

Where do You Get Off?

It is a wise thing to know when to get off a train, but prudence would suggest that you get off when the train is standing still, as you would no doubt be worth more to your family by doing so.

Now let us help you to decide where to get off. If you are preparing to take your summer vacation, why not get off at Galveston, La Porte, Seabrook or Port Lavaca. Our trains all stop at Houston and make close connections with G. H. & N. and N. Y. T. & M. railways for points mentioned, and with the San Antonio and Aransas Pass Railway for Rockport, Corpus Christi and Aransas Pass.

All the hotels at these points are modern in their appointments and you will find the sun bathing, boating and fishing, just what you need in the way of relaxation. Local Agents of the Houston & Texas Central Railroad will be glad to quote you rates, or you should write to

S. F. B. Morse, P. T. M. Houston, Texas.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

To Cure Dyspepsia and Indigestion. Sour Stomach or Heartburn, take Rex Dyspepsia Tablets. All druggists are authorized to refund money if they fail to cure. Price 50 cents. M. H. James, the leading druggist, Bryan, Texas.

BIG DEAL AHEAD.

American Cotton Oil Company May Sell to the New Company.

New York, Aug. 6.—While considerable surprise is expressed here over the fact that several large interests identified with the American Cotton Oil company had asked for deposits of stock of that company with the privilege of selling the same, it does not appear that the current report of a consolidation of that company with other oil interests is well founded.

By some the movement is regarded as indicating that the object of securing stocks is to bring about an immediate consolidation with the Virginia-Carolina Chemical company. The latter company has already secured the Southern Oil company, the chief competitor of the American, and has also purchased in the neighborhood of a score of other cotton oil properties. One report is that a \$100,000,000 consolidation is contemplated. Apparently, however, such a deal is not under way at this time.

A person closely affiliated with the American Cotton Oil company is authority for the statement that the proposed deposit of the stocks of the company in the First National bank of New York, was merely to prevent control from passing to other interests. This statement, however, was given with the reservation that it was impossible to tell what the future might bring forth, and if the new combination offered a tempting price the control of the American Oil company might pass.

The largest stockholder of stock outside of New York is N. K. Fairbank & Co. of Chicago.

GERMANY IN MOURNING.

Six Weeks That Country Will Show Mourning for the Kaiser's Mother.

Berlin, Aug. 6.—A special edition of the Reichsanzeiger contains an imperial cabinet order giving notice of the death of Empress Frederick and ordering six weeks of national mourning. The order also directs all public amusements, including concerts and theatrical performances, to be suspended until after the funeral. According to the dispatches from Cronberg the death agony of the dowager empress was brief, lasting hardly a quarter of an hour.

When Prof. Reiners informed Emperor William that his mother's heart had ceased to beat the chaplain made a brief prayer and his majesty placed white lilies in his mother's hands.

Telegrams are pouring in from all quarters. The head of foreign states and sovereigns of the German states have sent messages of condolence couched in the warmest terms.

Papers comment on the political side of the dowager empress' character with reserve. The Post considers it easily comprehensible that a woman of her abilities should seek to influence the political views of her husband, but the paper refrains from criticism since she avoided all political activity after Emperor Frederick's death. Many papers refer to her relations with the late Prince Bismarck and his opposition to her English proclivities.

The flag of the United States is at half mast.

DEATH TO MOSQUITOES.

Dr. Doty Has Begun the Destruction of These Disease Spreaders.

Nothing but the best companies represented. Personal and careful attention given to the business. **Gin Insurance a Specialty.** Am agent for the PENN MUTUAL Life Insurance company of Philadelphia, who offer the best contracts of any life company, ask for specimen copy; also represent the Fidelity & Casualty, and the Maryland Casualty Accident Insurance Co's. Your business respectfully solicited.

Dr. Eugene Monaghan, sanitary superintendent of the Bronx, says he believes the malaria at Fordham was caused by mosquitoes. The experiments by Dr. Doty are being watched and if they are successful the scattering of oil on the swamps and low places in Fordham will be begun. Dr. Monaghan said that the malaria-bearing mosquitoes did a great deal of damage, but he did not believe that they caused so much sickness in this climate as they do in the tropics.

Dr. Eugene Monaghan, sanitary superintendent of the Bronx, says he believes the malaria at Fordham was caused by mosquitoes. The experiments by Dr. Doty are being watched and if they are successful the scattering of oil on the swamps and low places in Fordham will be begun. Dr. Monaghan said that the malaria-bearing mosquitoes did a great deal of damage, but he did not believe that they caused so much sickness in this climate as they do in the tropics.

WAS ALMOST REAL.

England Loses Several Warships in the Recent Naval Maneuvers.

New York, Aug. 6.—Commenting upon the naval maneuvers in which the attacking squadron supposed to represent "the enemy" has just been declared the victor, The Tribune's London correspondent says:

There has been more realism in these maneuvers than the admiralty authorities had expected. Not only have two torpedo-boat destroyers been lost but several others have been crippled.

The wreck of the Viper is the most serious accident of the maneuvers. This vessel was an experiment and her performances were being witnessed by the admiralty experts.

The destroyer Violet is said to be in a bad way. Nearly all the water tube boilers have been disabled through split tubes and it was only by great presence of mind and prompt action that the stokers were saved from being scalded to death.

Jack Fenley, foreman of a grading gang in Luna county, New Mexico, was stabbed to death by John Milton, a discharged employee. Milton escaped.

A HEAVY DEPOSITOR.

State Had Over \$300,000 in the First National Bank.

NO STATEMENT YET.

It Is Believed the Institution Will Pay Dollar for Dollar—The Closing Is Claimed to Have Been Somewhat Premature.

Austin, Tex., Aug. 6.—In the absence of Federal Receiver Yerkes, who is en route from Washington, and President W. B. Wortham, of the First National bank, en route home from New York, no news is forthcoming from Temporary Receiver Logan, of the First National bank of this city. He and the bank force are busy checking over the books and auditing accounts in general, but they gave out nothing for publication. Pending the arrival of Receiver Yerkes and President Wortham nothing will be given out.

It is believed the bank will be able to pay dollar for dollar and that within a very short while. The closing, according to all reports, is premature and it is only a matter of a short time when the bank will be able to resume payment and open up for business.

Mr. Logan says the cashier's accounts are perfectly straight.

Texas Legislature.

Austin, Aug. 5.—The Texas legislature met today at noon in special session. There has not been any caucusing to amount to anything yet, and each man has his own idea of how things should be done. There are several redistricting bills ready to be introduced, but none of the authors can claim anything save intrinsic merit for his petition at this time.

Opinions vary as to how long the legislature may be here. Quite a good many of the members think the business should be transacted in 30 days, but there is almost a unanimous "fear" expressed that the body will be here 60 days. If all the criticism of items in the appropriation bills now promised develops, considerable time will be spent on the bill. The attacks made at the regular session on the regular session on the railroad commission, university, volunteer guard and purchasing department appropriations are slated for a renewal at this sitting, and some other items are also spoken of threateningly.

The subjects of new legislation which the governor is asked to submit are numerous, but up to date he has given no indication that he will grant any of the petitions.

Panhandle Country Prosperous.

Austin, Aug. 5.—Lieutenant Governor J. N. Browning of Amarillo arrived Monday to attend the special session of the legislature. He says that his section of the state is in good condition. Grass is good and cattle are fat. Altogether more rain is needed. He is of the opinion that the legislature will get through its work within 30 days.

Child Burned to Death.

Bonham, Tex., Aug. 6.—Bernice, the 6-year-old daughter of Hiram Alexander, was burned to death at the family home near Ivanhoe. The child was kindling fire by pouring oil from a can into the stove. The result was an explosion and the little one was wrapped in flames and so seriously burned as to cause death.

New Depots at Morgan.

Waco, Tex., Aug. 6.—By joint arrangement the Gulf, Colorado and Santa Fe and the Texas Central will build passenger and freight depots at Morgan on a triangular site formed by the junction of the two railroads named at that point. The structure will be modern throughout and will be built of fireproof material.

Injured by a Vicious Bull.

San Antonio, Aug. 6.—John Fraser was attacked by a vicious bull in the southern part of the city and dangerously injured. The brute struck the man with his horn, splitting his arm from elbow to shoulder and then attacked Fraser with his feet, causing internal injuries.

Made Spanish Consul.

Dallas, Aug. 6.—Richard Schweickhardt, formerly of Dallas, has been appointed to represent the government of Spain at St. Louis and adjacent territory. His commission is dated Aug. 1.

A Miner's Frightful Death.

Laredo, Tex., Aug. 6.—Miguel Castro, a miner, while coming out of the shaft at the Cannel coal mines, fell out of the cage a distance of 30 feet on his head, killing him instantly.

Ordered to Remove Quenes.

New York, Aug. 6.—An order issued by the head of the Chinese Reform association calls upon all Chinese of this country to remove their queues. It is said that upon members of the association it will be more binding than an imperial edict from the hands of the emperor of China. It will effect several hundred Chinese in this city.

Six Dead from the Wreck.

Philadelphia, Aug. 6.—Six persons, all negroes, are known to be dead as the result of the terrible gasoline explosion Monday night which tore to atoms six buildings on Locust street and wrecked over a score of others. As to the number which yet remain in the ruins of the wrecked buildings all is mere speculation.

When you want to cool off and enjoy life seek your favorite resort and call for Falstaff bottle beer. 84tf

FIVE HOUSES WRECKED

It Is Believed Ten Persons Will Lose Their Lives.

FEW BODIES RESCUED

Hospitals Near Were Filled With the Wounded—The Adjoining Property Was Badly Wrecked by the Terrific Shock.

Philadelphia, Aug. 6.—A terrific explosion in a block of six buildings on Locust street, above Tenth street, at 9:30 o'clock last night completely destroyed five of the structures, three 3-stories and two 2½-stories, and caused the death of ten or more persons. Over two score of others were more or less seriously injured. Some of those taken to the hospital will die. It is estimated that at least 35 persons were in the five buildings when the explosion occurred and the exact number of dead not yet known.

What exploded and how it happened is not yet known, but it is believed to have been a barrel of gasoline in one of the three groceries. Almost every building within a radius of two blocks of the explosion had windows shattered and were otherwise damaged. Every building on the opposite side of Locust street was more or less wrecked, but none of them fell.

A terrific cry went up from the ruins the moment the explosion occurred. Women, children and men occupants of the wrecked houses, could be seen crawling from the debris, while the agonizing cries of others were heard in the wreckage. From all the surrounding buildings injured people came running and some fell into the street unconscious. To add to the horror, fire broke out in the debris the moment it settled to the ground and in less than five minutes the great pile was burning fiercely from end to end. A general alarm was turned in for the fire apparatus and ambulances and in the meantime the work of rescue was voluntarily begun by those in the neighborhood who were not injured.

Here and there a person was dragged from the ruins before the fire could reach the victim, several lives being saved by this prompt work. When the firemen reached the scene the flames had made great headway and were igniting the buildings across the street. The fire, however, was soon under control. The work of digging away the ruins was then begun in earnest and soon several were rescued.

While the work of rescue was going on in the exploded block, hospital attendants and others made a search of all the damaged houses on the other side of the street and almost a score of persons were taken to various hospitals from these places.

The Jefferson and Pennsylvania hospitals which are located nearest the scene of the explosion, were soon crowded with the injured. At the latter hospital five negroes are so badly injured they cannot recover.

Only three dead bodies had been rescued up to 3 o'clock this morning, but many persons were still missing.

San Francisco Strike.

San Francisco, Aug. 6.—The outlook for an amicable settlement of the strike has diminished and indications are that the contest will be a protracted one. The efforts of Mayor Phelan to bring about an understanding have failed. The power to act has been placed in the hands of the harbor council which can, if so disposed, call out 50 additional unions which includes 25,000 men.

Change of Policy Welcomed.

Cape Town, Aug. 6.—The Cape Times welcomes the change of policy announced in the house of commons by Colonial Secretary Chamberlain in regard to the treatment of Boers who shot natives, saying close association with the Boers with daily consequences of the career of brigandage had already impressed the colonists with the necessity of a change of policy.

Feud in Kentucky.

London, Aug. 6.—A party of 30 men, nearly equally divided, engaged in a fight on Tanyard branch Monday. It is said the Stapletons and Hamptons were on one side and the Pences on the other. Reports are conflicting. It is said several men were injured but not seriously. The attack was from ambush. Further trouble is expected.

Exposition Building Burned.

Kansas City, Mo., Aug. 6.—The exposition building erected during the boom of 1887, at a cost of over \$200,000, was destroyed in less than two hours' time Monday afternoon by a fire which was started by a boy, who set fire in a spirit of mischief to some loose rubbish on the floor.

Attached Carter's Property.

Savannah, Aug. 6.—Marion Erwin, special assistant attorney general of the United States, has filed in the United States court attachment against all the

loans and securities in Savannah held by ex-Captain Obelin M. Carter, engineer of the United States army. They amount to many thousands of dollars.

A Cowboy Killed.

Silver City, N. M., Aug. 6.—As the result of a quarrel between two cowboys, William Follis and Walter Newman, near Pinos Altos, Follis was killed, his skull being beaten in with a gun. Newman escaped, but officers are in pursuit.

WILL NOT GIVE UP.

Mandamus Applied for by Whites to Hold Oklahoma Claims.

Washington, Aug. 6.—Eleven persons, men and women, all whites or the descendants of whites married Indians and who joined their fortunes years ago with the Indians occupying lands in Oklahoma, recently disposed of by the secretary of the interior, have made application to Justice Clabaugh for a mandamus against the secretary compelling him to allow certain selections made by them and to withdraw the lands from settlement.

The petitions include Emmett Cox, a son-in-law of the famous Quanah Parker, the big chief of the Comanches; William G. Williams, the president of a bank and largely interested in cattle raising and others engaged in cattle raising merchandizing and farming. All have been living on their places for years and have cultivated and improved them. They claim they are members of the Indian tribes by marriage and adoption and have been respected as such.

They assert in their petition that they were denied the privilege of making allotments to which they were entitled under the law. They base this on an old act of congress.

Justice Clabaugh issued an order returnable Aug. 15 requiring the secretary to show cause why a writ of mandamus should not issue directing him to allow lands for the benefit of the petitioners.

THE TOWNSITES.

Those Approves by the Commissioner for El Reno and Lawton.

Washington, Aug. 6.—The townsites for the El Reno and Lawton land districts, into which all the newly opened land in Oklahoma is divided were announced at the interior department.

Commissioner Hermann has telegraphed to the respective registers and receivers the approval of Secretary Hitchcock of the reservation of these lands, "and no others" for townsites purposes, and directing the land officers to reserve them from homestead entry. They comprise all the townsites and lots in them will be sold today.

The new townsites are described as follows:

El Reno district—The east half, section 10, township 10, north range 12 west. The northeast quarter, section 5, northwest quarter of section 4, both in township 12, north range 12 west. The south half section 18, township 7, north range 19 west. The southwest quarter section 18, township 11, north range 10 west. The north half section 34, township 5, north range 16 west. Lots 1, 2, 3 and 4 and the south half northeast quarter and south half of northwest quarter section 4, township 12, north range 13 west and the north half section 21, township 5, north range 11 west.

Lawton district—The southwest quarter section 24, township 22, south range 11 west. The north half section 8, township 3, north range 9 west. The southwest quarter section 26 and northeast quarter, section 35, township 3, north range 17 west.

Dismissal Sentence Commuted.

Washington, Aug. 6.—President McKinley has commuted the court-martial sentence of dismissal from the army of Major F. Eltonhead to placing that officer at the foot of the list of majors of infantry, there to remain for a period of five years. Major Eltonhead was tried on a charge of being drunk on duty and of misbehavior at the army and navy club in Manila, and of using profane and abusive language to Lieut. William Hull of the Twenty-first infantry. The court which tried Major Eltonhead sentenced him to be dismissed, but the president commuted his sentence in view of his military record, his good conduct in the engagements before Santiago and operations in the Philippines, together with the recommendation of clemency by the members of the court.

Lived in Three Centuries.

Quincy, Ills., Aug. 5.—Amanda Lewis, who claimed to be 115 years old, died here Saturday night. While the correctness of her age might be questioned, she was without doubt the oldest colored person in the city and she certainly had passed the century mark. She was born in slavery and was a native of Virginia. She always said that she distinctly remembered the inauguration of General Washington and she has told many incidents connected with it. She was an inveterate smoker and used tobacco for 75 years.

The Central Texas fair is getting talked about all over Central Texas.

Bryan is still building and improving. Lumber and paint are in demand.

Bryan hasn't struck oil yet, but thank the Lord it's time to strike cotton again.

Those caloric South Americans are merely practicing "benevolent assimilation" on one another.

The legislature has convened in extra session to pass the appropriation bill and attend to the matter of redistricting the state.

Starving gold hunters in Alaska were rescued while in the act of preparing to devour the thigh of a dead companion.

Many good citizens of Bryan are missing a good opportunity to help the town along by failing to unite with the Business League. The committee on membership should do a little hustling between now and the Tuesday night meeting and be able to present a good report.

THE STRIKE DELAYED

President Shaffer Says He Has Reasons for Such Action.

IN SECRET SESSION.

Amalgamated Officers Drafting the Notice for a General Strike—Officials of Steel Combine Not Worrying Over Delay.

Pittsburg, Aug. 6.—A general strike order was not issued by President Shaffer this morning and may be delayed beyond the time limit made by him. He says he has sufficient reasons for the delay, but the only apparent cause is said to be the hope that the officers of the big steel corporation may soon make overtures for peace. The Amalgamated association, it is explained, does not want to take hasty action and proposes to rest quietly for while.

From meager reports from officials of the steel combines, they are not worrying over delay, and seem to be confident as ever they will win. They are encouraged over the delay in issuing a strike order and believe it due to the fact the officers of the workers' organization are not certain of their ability to bring out the union men desired. One thing appears certain and that is President McKinley is heartily endorsed, the policy of the Republican party upon the tariff, currency and other vital questions of national moment strongly commended, while that of the Democrats is quite as vigorously denounced, especially in regard to the new election law.

The following is the ticket nominated: Comptroller, H. S. Platt of Baltimore and clerk of the court of appeals, Thos. Barron of Calvert county.

MARYLAND CAMPAIGN.

Republicans Follow Democrats in Making Their State Platform.

Baltimore, Aug. 6.—Issues in the campaign which will determine whether or not Arthur P. Gorman will again occupy a seat in the United States and become a factor in national politics were fully made up today by the action of the Republicans at their state convention. They met here as did the Democrats a week ago, and like the Democrats, paid more attention to the adoption of a platform than to the selection of candidates for the minor offices of comptroller and clerk of the court of appeals. There were but two aspirants. The platform is the work of United States Senator McComas and P. L. Goldsborough, chairman of the state central committee, who is regarded as a promising candidate for the seat of Senator Wellington in the event of Republican success. Unlike the Democratic declaration of principles adopted last week much stress is laid upon national issues. The administration of President McKinley is heartily endorsed, the policy of the Republican party upon the tariff, currency and other vital questions of national moment strongly commended, while that of the Democrats is quite as vigorously denounced, especially in regard to the new election law.

The following is the ticket nominated: Comptroller, H. S. Platt of Baltimore and clerk of the court of appeals, Thos. Barron of Calvert county.

GOLD BULLION GONE.

Thieves Steal \$250,000 Worth from the Selby Smelter Works.

San Francisco, Aug. 6.—News has been received here from the Selby Smelter works at Vallejo, that \$250,000 worth of gold bullion had been stolen from the works during Monday night. The thieves tunneled under the works and gained access to the strong room where the bullion was stored. The works are close to San Francisco bay and the tunnel extended from the water's edge under the building. It is supposed the thieves took the bullion away by boat.

The Selby smelter is the biggest on the Pacific coast and ores are sent there from all parts of the western country to be reduced.

FILING THEIR CLAIMS.

Lucky One in the Land Lottery Making Their Selections.

El Reno, O. T., Aug. 6.—The last act in the opening of the Indian land in the Kiowa-Comanche reservations began today, when the winners in the lottery were permitted to file on their claims. The filing began in El Reno for the El Reno district and at Fort Sill for the Lawton district. At each place 125 of the lucky ones will be permitted to file in order of their names drawn from the wheels. Filing at the rate of 250 will continue daily until the entire 13,000 claims are disposed of.

It is estimated that at least 2000 or 3000 claims drawn at the lottery will never be filed on. There will be a live-scramble for them by the thousands of people who did not win in the lottery.

CANAL TO THE LAKES.

New York Will Undertake to Construct One to the Seaboard.

New York, Aug. 6.—The executive committee of the Canal association of Greater New York, has just reached an important conclusion in regard to its future work, says the Journal of Commerce. The committee has been wavering on the question whether the promise of a deep waterway from the lakes to the seaboard entirely under national control did not offer better prospects of prompt attainment than a 1000-ton barge canal. The cause of the wavering was the publication of the detailed report of the deep waterways commission.

This report has now been thoroughly digested by the committee and it has been formerly decided that the interests of New York will be better served by a 1000-ton barge canal than by the larger project.

Grocers to Combine.

Philadelphia, Aug. 6.—A gigantic combination is about to be formed with a capitalization of \$100,000,000 to be known as the National Wholesale Grocery company. It is said there are about 2700 leading grocery jobbers in the United States, and the plan is to unite under one control 10 per cent of the entire number.

England Would Not Sign.

Pekin, Aug. 6.—The foreign ministers had arranged to sign the settlement of the protocol today but British Minister Satow notified his colleagues that Great Britain was unable to sign. He gave no reason and the meeting was indefinitely postponed.

Louis Hoyt Dead.

New York, Aug. 6.—Louis T. Hoyt, one of the oldest members of the New York Stock Exchange, is dead in Germany. He was interested in many large stock deals and among his customers, when he was an active broker, was Commodore Vanderbilt.

Hanged for Murder.

Mempis, Aug. 6.—Nathan Caruthers, a negro, was hanged here for the murder of Night Watchman Charles Nebo in June, 1900. The motive of the crime was robbery.

NEWS IN BRIEF.

W. R. Bankley died from being poisoned by eating ice cream at Leesburg, Ga.

Mexican custom house receipts for June were \$2,136,795.

NAVRATIL, THE TAILOR,

Makes perfectly fitting Suits and pants at very low prices. Will supply goods if desired. Shop up-stairs in M. & P. Bank block.

Young Women

The entry into womanhood is a critical time for a girl. With her whole being undergoing a change, the seeds of female infirmities are sown. Little menstrual disorders, if neglected at this time, will follow the woman all her life and grow into fatal complications. That female troubles are robbing homes and filling graveyards, proves this. Yet, irregular and painful menstruation are often permitted to go on, sappling the life and energy, while Wine of Cardui, the positive relief for these ills, is on the shelf of every drug store. Wine of Cardui helps the maiden sustain the shock of puberty by inducing a painless and natural menstrual flow. Witness this important function is started right, a sensible life will usually follow. Wine of Cardui is an emmenagogue of great power, and works wonders in strengthening delicate and sensitive females on. Many young women owe their lives to Wine of Cardui. No woman should give up hope until she has given Wine of Cardui a trial. If thousands have secured relief through it, why not you?

HARVEY.

Harvey, Texas, August 5.—The weather is very warm here and we are needing rain.

On account of sickness Bro. Bullock failed to carry on a protracted meeting at Bethel. Several of the members went ahead with prayer meetings and also organized a Sunday school, which I think was so much needed, so let us all go and take a part.

The ladies of the Baptist church will give a rainbow party tonight at the residence of Dr. and Mrs. W. C. Friley. The young ladies are expected to bring lunch baskets and the young men will be required to hem aprons. All are invited.

Rev. E. Drion, colored, of Brenham is conducting a revival meeting under the auspices of the colored Baptist church of Bryan, the meetings being held at Masonic hall, in the eastern part of town.

Mrs. Charles Weigle of Elgin returned home Monday after visiting Mrs. Dr. Harrison for several days.

Mrs. Weigle was accompanied by her niece Miss Alice Thornhill, of Cuero.

Dr. Pugh's patrons will please note that he has moved his office to Ermel's drug store, where he can be found during office hours. Office phone 180, residence phone 663. 224

For Sale Cheap—Three eight foot counter show cases in first-class condition. Offered for sale to make room for new floor jewelry cases. Apply to John M. Caldwell. 210

Some of the Bryan contingent left Sunday for the Madisonville reunion and a big crowd followed yesterday including the third regiment band. Bryan will be well represented.

The office of the Postal Telegraph Co., has been moved to McDougal's drug store, where Manager Maddox will be glad to see his friends and customers. Phone 196. 212

Mrs. E. P. Curry arrived from Brenham yesterday to visit her sister, Mrs. T. F. Castles. Mrs. Curry was accompanied by Miss Rosa Williams.

James Dobrovolny has moved his saloon to the Exchange hotel block. He has put in new and elegant fixtures and has a choice line of liquors and cigars. 236

W. E. Connelly of Hubbard City, accompanied by his daughter, Mrs. W. G. Henry and children of Los Angeles, Cal., are guests of W. P. Connelly.

We are closing out a lot of small sizes in our lines of \$3.50 and \$5.00 men's shoes. Just the shoe for a boy at \$2.50 a pair. Parks & Waldrop. 214

Rudolph Miller has returned from the North and East where he went to buy jewelry for Goodman and Miller. He went to Navasota yesterday.

THE CON- DITION OF THE PATIENT

Is often such that the slightest variation from what the doctor prescribes may have serious results. Prescriptions compounded here are absolutely correct. The order is followed exactly. We add nothing, hold out nothing and substitute nothing. The purest drugs and medicines are used. Everything is fresh and efficient.

M. H. JAMES,

THE LEADING DRUGGIST.

Where do You Get Off?

It is a wise thing to know when to get off a train, but prudence would suggest that you get off when the train is standing still, as you would not doubt be worth more to your family by doing so.

Now let us help you to decide where to get off. If you are preparing to take your summer vacation, why not get off at Galveston, La Porte, Seabrook or Port Lavaca. Our trains all stop at Houston and make close connections with G. H. & N. and N. Y. T. & M. railroads for points mentioned, and with the San Antonio and Aransas Pass Railway for Rockport, Corpus Christi and Aransas Pass.

All the hotels at these points are modern in their appointments and you will find the sun bathing, boating and fishing, just what you need in the way of relaxation. Local Agents of the Houston & Texas Central Railroad will be glad to quote you rates, or you should write to

S. F. B. Morse, P. T. M. Houston, Texas.

Two Markets—One in new market building near courthouse and one next door to The Bryan Grocery Company

BIG DEAL AHEAD. American Cotton Oil Company May Sell to the New Company.

New York, Aug. 6.—While considerable surprise is expressed here over the fact that several large interests identified with the American Cotton Oil company had asked for deposits of stock of that company with the privilege of selling the same, it does not appear that the current report of a consolidation of that company with other oil interests is well founded.

By some the movement is regarded as indicating that the object of securing stocks is to bring about an immediate consolidation with the Virginia-Carolina Chemical company. The latter company has already secured the Southern Oil company, the chief competitor of the American, and has also purchased in the neighborhood of a score of other cotton oil properties. One report is that a \$100,000,000 consolidation is contemplated. Apparently, however, such a deal is not under way at this time.

A person closely affiliated with the American Cotton Oil company is authority for the statement that the proposed deposit of the stocks of the company in the First National bank of New York, was merely to prevent control from passing to other interests. This statement, however, was given with the reservation that it was impossible to tell what the future might bring forth, and if the new combination offered a tempting price the control of the American Oil company might pass.

The largest stockholder of stock outside of New York is N. K. Fairbank & Co. of Chicago.

GERMANY IN MOURNING.

Six Weeks That Country Will Show Sorrow for the Kaiser's Mother.

Berlin, Aug. 6.—A special edition of the Reichsanzeiger contains an imperial cabinet order giving notice of the death of Empress Frederick and ordering six weeks of national mourning. The order also directs all public amusements, including concerts and theatrical performances, to be suspended until after the funeral. According to the dispatches from Cronberg the death agony of the dowager empress was brief, lasting hardly a quarter of an hour.

When Prof. Renvers informed Emperor William that his mother's heart had ceased to beat the chaplain made a brief prayer and his majesty placed white lillies in his mother's hands.

Telegrams are pouring in from all quarters. The head of foreign states and sovereigns of the German states have sent messages of condolence couched in the warmest terms.

Papers comment on the political side of the dowager empress' character with reserve. The Post considers it easily comprehensible that a woman of her abilities should seek to influence the political views of her husband, but the paper refrains from criticism since she avoided all political activity after Emperor Frederick's death. Many papers refer to her relations with the late Prince Bismarck and his opposition to her English proclivities.

The flag of the United States is at half-mast.

DEATH TO MOSQUITOES.

Dr. Doty Has Begun the Destruction of These Disease Spreaders.

New York, Aug. 6.—Dr. Doty, health officer of the port has at last commenced the war of destruction of the mosquitoes of Greater New York and vicinity. He and his assistants have taken their paraphernalia, which consists largely of kerosene oil, to the pond near Concord, Staten Island, and forced barrels of the oil under the surface of the water. It was expected that while the fluid is making its way to the surface it will destroy all the embryonic mosquito life therein. Dr. Doty said he could not be positive about the success of the experiment for month, but he thought it would work well.

Dr. Eugene Monaghan, sanitary superintendent of the Bronx, says he believes the malaria at Fordham was caused by mosquitoes. The experiments by Dr. Doty are being watched and if they are successful the scattering of oil on the swamps and low places in Fordham will be begun. Dr. Monaghan said that the malaria-bearing mosquitoes did a great deal of damage, but he did not believe that they caused so much sickness in this climate as they do in the tropics.

WAS ALMOST REAL.

England Loses Several Warships in the Recent Naval Maneuvers.

New York, Aug. 6.—Commenting upon the naval maneuvers in which the attacking squadron supposed to represent "the enemy" has just been declared the victor, The Tribune's London correspondent says:

There has been more realism in these maneuvers than the admiralty authorities had expected. Not only have two torpedo-boat destroyers been lost but several others have been crippled.

The wreck of the Viper is the most serious accident of the maneuvers. This vessel was an experiment and her performances were being witnessed by the admiralty experts.

The destroyer Violet is said to be in a bad way. Nearly all the water tube boilers have been disabled through split tubes and it was only by great presence of mind and prompt action that the stokers were saved from being scalded to death.

Jack Fenley, foreman of a grading gang in Luna county, New Mexico, was stabbed to death by John Milton, a discharged employee. Milton escaped.

A HEAVY DEPOSITOR.

State Had Over \$300,000 in the First National Bank.

NO STATEMENT YET.

It Is Believed the Institution Will Pay Dollar for Dollar—The Closing Is Claimed to Have Been Somewhat Premature.

Austin, Tex., Aug. 6.—In the absence of Federal Receiver Yerkes, who is en route from Washington, and President W. B. Wortham, of the First National bank, en route home from New York, no news is forthcoming from Temporary Receiver Logan, of the First National bank of this city. He and the bank force are busy checking over the books and auditing accounts in general, but they gave out nothing for publication. Pending the arrival of Receiver Yerkes and President Wortham nothing will be given out.

It is believed the bank will be able to pay dollar for dollar and that within a very short while. The closing, according to all reports, is premature and it is only a matter of a short time when the bank will be able to resume payment and open up for business.

Mr. Logan says the cashier's accounts are perfectly straight.

Texas Legislature.

Austin, Aug. 5.—The Texas legislature met today at noon in special session. There has not been any caucusing to amount to anything yet, and each man has his own idea of how things should be done. There are several redistricting bills ready to be introduced, but none of the authors can claim anything save intrinsic merit for his petition at this time.

Opinions vary as to how long the legislature may be here. Quite a good many of the members think the business should be transacted in 30 days, but there is almost a unanimous "fear" expressed that the body will be here 60 days. If all the criticism of items in the appropriation bills now promised develops, considerable time will be spent on the bill. The attacks made at the regular session on the regular session on the railroad commission, university, volunteer guard and purchasing department appropriations are slated for a renewal at this sitting, and some other items are also spoken of threateningly.

The subjects of new legislation which the governor is asked to submit are numerous, but up to date he has given no indication that he will grant any of the petitions.

Panhandle Country Prosperous.

Austin, Aug. 5.—Lieutenant Governor J. N. Browning of Amarillo arrived Monday to attend the special session of the legislature. He says that his section of the state is in good condition. Grass is good and cattle are fat. Altogether more rain is needed. He is of the opinion that the legislature will get through its work within 30 days.

Child Burned to Death.

Bonham, Tex., Aug. 6.—Bernice, the 6-year-old daughter of Hiram Alexander, was burned to death at the family home near Ivanhoe. The child was kindling fire by pouring oil from a can into the stove. The result was an explosion and the little one was wrapped in flames and so seriously burned as to cause death.

New Deposits at Morgan.

Waco, Tex., Aug. 6.—By joint arrangement the Gulf, Colorado and Santa Fe and the Texas Central will build passenger and freight depots at Morgan on a triangular site formed by the junction of the two railroads named at that point. The structure will be modern throughout and will be built of fireproof material.

Injured by a Vicious Bull.

San Antonio, Aug. 6.—John Fraser was attacked by a vicious bull in the southern part of the city and dangerously injured. The brute struck the man with his horn, splitting his arm from elbow to shoulder and then attacked Fraser with his feet, causing internal injuries.

Made Spanish Consul.

Dallas, Aug. 6.—Richard Schweickhardt, formerly of Dallas, has been appointed to represent the government of Spain at St. Louis and adjacent territory. His commission is dated Aug. 1.

Miner's Frightful Death.

Laredo, Tex., Aug. 6.—Miguel Castro, a miner, while coming out of the shaft at the Cannel coal mines, fell out of the cage a distance of 30 feet on his head, killing him instantly.

Ordered to Remove Quenes.

New York, Aug. 6.—An order issued by the head of the Chinese Reform association calls upon all Chinese of this country to remove their quenes. It is said that upon members of the association it will be more binding than an imperial edict from the hands of the emperor of China. It will effect several hundred Chinese in this city.

Six Dead from the Wreck.

Philadelphia, Aug. 6.—Six persons, all negroes, are known to be dead as the result of the terrible gasoline explosion Monday night which tore to atoms six buildings on Locust street and wrecked over a score of others. As to the number which yet remain in the ruins of the wrecked buildings all is mere speculation.

THOSE OBSERVATION SLEEPERS

run via "THE DENVER ROAD"

from Fort Worth to Colorado Springs every morning are among the handsomest equipment of the Pullman Company. The large Observation Parlor, with spacious windows and movable easy chairs, etc., affords the advantages and comforts of a private car; while the tables and service in the Cafe Car in all respects equal the fare of the best hotels and restaurants at corresponding prices. Special satisfaction is expressed by the ladies in the commodious dressing rooms found in our Pullmans, and all our guests appreciate the freedom from carving, superfluous decorations and stuffy plushes, which is a distinctive and welcome feature of the most up-to-date Pullman Sleepers—the kind we have two of each day, run through without change. Our Day Coaches are also of the latest design, elegant in their dignified simplicity, with very comfortable high-back seats, the equal of any similar equipment. No other line operates Cafe Cars from Texas, and no other line runs through trains to Colorado (and our time is far and away the shortest, too); no other line has Observation Sleepers to the Northwest, no other line makes a specialty of Colorado Tourist travel. It is a fact—"You Don't Have to Apologize for Riding on THE DENVER ROAD."
